

Fixed Index Annuity: Preservation & Accumulation

This hypothetical demonstration assumes \$100,000 initial premium and no withdrawals taken. The 40% PR and 6% cap uses the annual point-to-point index method based on changes in the S&P 500® to calculate the indexed rate for each term. Hypothetical values and returns are calculated using the last business day of each year's closing value.

Past performance is not an indication of future results. Please call your American Equity agent for information on product availability. The "S&P 500®" is a product of S&P Dow Jones Indices LLC ("SPDJI"), and has been licensed for use by American Equity Investment Life Insurance Company ("AEL").
